## REVISITING FATIMA

Revisiting Fatima. Paperback. Condition: New. 38 pages. Dimensions: 11.0in. x 8.5in. x 0.1in. Astonishing! Finally, a publication that provides a wide variety of simple solutions, rather than lists of seemingly unresolvable problems streamed to our modern world on a daily basis. Series of concepts pieced together over time and unveiled in conjunction with unexplainable occurrences that significantly relate back to events that occurred in 1917 at Fatima, Portugal. Specifically, the book includes logical conclusions relating to: cause, prevention and reversal of environmental damage for the protection of life in all forms; root causes and perpetuation of health care challenges, with reliance for resolution utilizing abundant resources that have proven to be effective over time; examples of ways charities are, and can prosper; and reflection that can be incorporated into daily living to promote happiness and attract prosperity. To begin your journey with Revisiting Fatima for positive change, gaze at the amazing photograph on the cover which was taken many years ago in Fatima, Portugal. Fatima was the location where on October 13, 1917, over 50,000 people witnessed the sun dance in the sky. Enlarge the book cover and you will be fascinated to personally discover the masterfully intertwined faces, symbols and other images. At first glance, most people notice the main figure in the center of the photograph holding prayer beads. This image was at one point a female and over time has mysteriously developed manly features. The changes to the main images face were noted to begin to occur in 2014 when Russia engaged in military intervention with the Ukraine. Revisiting Fatima provides specific details concerning the acquisition and unexplainable simultaneous changes to the photograph copies and other unusual events that have been witnessed by many people, especially those who have experienced health challenges. When you purchase a book,...
