The Board experiences no little satisfaction in being able to report that, notwithstanding several of the staple articles of subsistence, during a large portion of the year, commanded higher prices than were anticipated when the estimates were made, no deficiency will occur in any of the appropriations; but all the institutions will be carried to the end of the appropriation years at expenditures well within the sums allotted to them by the legislature. Every work of permanent improvement either has been or will be completed at a cost in no case exceeding the sum appropriated therefor, and in most instances falling below that limit. This has been accomplished by a careful scrutiny of the monthly estimates of expenditures submitted by the stewards of the several institutions, restricting their average amounts to a twelfth part of the total appropriations, and then resolutely confining purchases to these estimates; and no permanent improvement has been undertaken without first ascertaining that the amount appropriated therefor would suffice to complete it.
