

Mental Defectives; Their History, Treatment, and Training

Filesize: 6.11 MB

Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Trystan Yundt)

MENTAL DEFECTIVES; THEIR HISTORY, TREATMENT, AND TRAINING

Theclassics.us, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 edition. Excerpt: . * fanciful theory, the 835 cases at the head of my table attesting to a stern reality. The completeness and the general diffuseness of the degenerative condition induced by an heredity of imbecility--which I have found in all my studies, from profound idiocy up through the higher grades--has so convinced me of its activity as an agent in that malnutrition to which all influences tend; that upon finding it in a family history I feel no hesitancy in assigning it the primary cause to which all others are subsidiary; not only readily assimilating with them, but by disintegration and enfeeblement actually predisposing the system to their attack. The fatality of such heredity is evidenced in its repetition, not infrequently several members of one family showing its influence, and unfortunately such families are not apt to number few individuals; for the animal instincts increase in proportion to the enfeeblement of the mental powers, so that brothers and sisters mentally defective are by no means the exception. Indeed a large proportion of the families from which I have severally drawn my cases show this reduplication: such as, 3 families with 3 each; 2 families with 5 each; 1 with 4; and 1 family with 2 imbecile children had a connection of 83 mental defectives, the result of a century of imbecile heredity. A man of 38 years, feeble-minded, has a delicate wife who in twenty years has born him 19 defective children. Another family...
