He had unparalleled access to developments of the various crises unravelling in the streets of Egypt as a result to confrontation between religion and politics. Coptic Cairo explains: how Christianity became deeply rooted in Egypt to the extent that Islam was never able to overcome, leading to an uneasy relationship between the two faiths; the main features of the Coptic Church that differ from its Western sister; and how certain cases of conversion from one religion to the other captured the attention of the whole world because of society's reaction to them.
