STRONG START-PREK A SOCIAL EMOTIONAL LEARNING CURRICULUM STRONG KIDS

Brookes Publishing. Paperback. Book Condition: New. Paperback. 160 pages. Dimensions: 10.9in. x 8.4in. x 0.5in. Studies show that positive social-emotional development is a great predictor of future academic success and the earlier children start learning critical social-emotional skills, the better. That's why preschools need Strong StartPre-K: a field-tested, kid-friendly curriculum that makes it easy to give young children a strong foundation of social-emotional competence. Focused on skills young children will build on and use for the rest of their lives: managing anger, being a good friend, dealing with anxiety, resolving conflicts, and more. This fun and engaging curriculum is easy for teachers to use right away—no special training required. A great way to boost emerging academic skills like early literacy and listening skills. A simple add-on for any early childhood classroom, with short activities that take just 20 minutes a day. Tailored especially for very young children, showing teachers how to use a mascot called Henry Bear to help children express their feelings. Tested in pre-K and Head Start programs. Low-cost and low-tech. Strong Kids costs far less than similar programs and requires few extra resources. Lessons in Strong StartPre-K include everything teachers need: optional, easily adaptable scripts, sample scenarios and examples, and creative activities developed just for preschool children. And the booster lessons help reinforce new skills and strategies. Plus the included CD-ROM is filled with reproducible classroom materials, such as visual aids to help children learn and bulletins to keep parents informed and encourage them to continue the learning at home.
