Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Everett Stanton)

Is there one correct way for the people of God to worship him? It turns out that Scripture offers many models and forms for worship, all of which are acceptable but not necessarily appropriate or functional in a particular setting. Barry Liesch, a professor of music at Biola University, helps his readers to grasp that fact and it's implications for worship in the church today. This is a one-of-a-kind book for many kinds of readers in all kinds of churches. It offers biblical perspective, historical awareness, musical and artistic sensitivity, authentic reverence, and creative stimulation for worship leaders, church musicians, study groups, pastors, worship committees, and a host of others who are interested in appreciating and renewing worship according to biblical models. Within each of the twenty chapters the author shares many suggestions for enhancing and transforming worship in the church today. Not only does he present the various biblical models and offer a wealth of suggestions, he takes up some of the major concerns of worship leaders, planners, and participants -- concerns such as the role of music, uses of symbolism, the appropriateness of dance, modes of celebration, expressions of reverence, and many others.
