

Performance Pilot: Skills, Techniques, and Strategies to Maximize Your Flying Performance (Paperback)

Filesize: 3.1 MB

Reviews

Good eBook and beneficial one. It really is simplified but unexpected situations from the 50 percent from the ebook. You can expect to like the way the blogger publish this ebook.

PERFORMANCE PILOT: SKILLS, TECHNIQUES, AND STRATEGIES TO MAXIMIZE YOUR FLYING PERFORMANCE (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do you want to be a better pilot? Do you want to improve your judgment and skills in training, tests, and throughout your career? Why do the best pilots consistently perform to a higher standard? It is the mental game and preparation that separate the good pilots from the high-performance pilots. Professional athletes have relied on sports psychology and coaching for years to help improve performance. Pilots too can benefit from mental strategies, but until now there has been scant aviation-specific content on how to prepare to fly. In Performance Pilot, noted performance coach, Ross Bentley, and professional aviator, Phil Wilkes, reveal aviation-specific procedures, techniques, and strategies to help you methodically, deliberately, and more effectively prepare for, conduct, and evaluate your flying and consistently perform at the highest level. For pilots just starting out, Performance Pilot can help you create a foundation to build upon and use throughout your flying career. The lessons and techniques are equally relevant to pilots at any experience level, whether recreational or professional, civil or military. In short, this book will make you a better pilot. **REVIEWS FROM PILOTS** I've had the opportunity to fly large four-engine transport aircraft on all seven continents, from combat in Afghanistan to remote ice runways in Antarctica. Every flight demands the highest level of performance from the crew to ensure safe operations. As a military flight instructor, I have flown with pilots of all experience levels. It is amazing to see the difference between pilots that prepare and those that don't. This book has techniques for all experience levels designed to help any pilot develop their skills and performance. For those just starting out, the techniques in this book can help...
