Former GM CEO Jack Welch stated, We build great people, who then build great products and services. A Remarkable Practice assumes that any organizations greatest asset is her people. By developing people to do remarkable things both personally and professionally, there is no limitation on what the organization may achieve. A Remarkable Practice uses a music analogy to help communicate business and leadership principles. The first five chapters deal with the characteristics of remarkable organizations, they include: teamwork (musicians), purpose (melody), communication (harmony), systems (rhythm), and customer service (audience). Chapter six is slightly different as it introduces an Action Plan to help stimulate personal leadership ability. It then examines six key relationships for leadership development and suggestions on how to improve these relationships. A Remarkable Practice is intended for those who want to better understand the aspects that make up a healthy organization. It is also targeted at those of us who have a sincere desire to become better leaders. It will benefit those in leadership in any organization, small business, home, church, and etc. A Remarkable Practice is written in a way that is informative, inspirational, and a pleasure to read.
