

## Foundation Flash CS3 Video

By Tom Green

friendsofED. Paperback. Condition: New. 450 pages. Dimensions: 8.9in. x 7.5in. x 0.6in. Video is one of the most exciting features on today's Internet, with widespread adoption being made possible by advances in bandwidth and software. But simply streaming video clips to Web users is only the tip of the iceberg! Flash CS3 offers a whole host of advanced video features, allowing you to create breathtaking user experiences. And this book, the second edition of the critically-acclaimed Foundation Flash 8 Video, shows you how to make the most of video in Flash CS3. The authors start with the basics of creating video ready for use on the web using popular applications such as Windows Movie Maker and iMovie, creating FLV (Flash video) using both Flash and other applications such as Sorenson Squeeze, and importing that video into Flash. With that out the way, they then turn their attention to essential practical techniques, such as creating and customizing video players, applying blends and filters to Flash video, effective use of video alpha channel and masks, captioning, cue points, interactivity using the Camera object, going full screen, and much more. This edition is fully-updated for Flash CS3 and ActionScript 3.0, and includes many...
