

The Turnpike Road System in England: 1663-1840

By William Albert

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2007. Paperback. Book Condition: New. 224 x 150 mm. Language: English Brand New Book ***** Print on Demand *****.This book deals with the development and administration of turnpike trusts in England from the creation of the first turnpike authority in 1663 to the coming of the the railways in 1840. It is concerned specifically with assessing the economic importance of the trusts before and during the Industrial Revolution. The author begins by analysing the importance of the roads in relation to the entire transport network in the seventeenth century and then examines the legislative development of the trust device and spread of the turnpike trusts throughout the country. The financing of the trusts and the way in which they were managed are considered and the relative success of the turnpikes are assessed by looking at the movement in the costs of land transport. The study is based on parliamentary records and on original trust documents, studied on a country-wide basis. By examining this material Dr Albert is able to provide a detailed and comprehensive history of English turnpike trusts which will supersede in many respects the standard accounts of the subject written in the early...

Reviews

This kind of pdf is every little thing and taught me to looking forward and more. It is one of the most incredible book i have read. You wont truly feel monotony at whenever you want of your time (that's what catalogs are for about should you check with me).

-- Miss Amelie Fritsch DVM

Simply no phrases to spell out. It is probably the most remarkable pdf i have got read through. I am delighted to inform you that this is actually the greatest publication i have got read within my very own existence and can be he very best book for actually.

-- Demarcus Ullrich
